POLICY

The College seeks to provide a safe, friendly and disruption-free environment for all who work and learn here. Visitors and guests of CCV students and/or employees, including children, are welcome at CCV academic centers and college events when and where appropriate.

PROCEDURES

1. Visitors under the age of 16 must be supervised at all times by a parent, guardian or responsible adult. The supervising adult is responsible for taking reasonable steps to safeguard the health and safety of the child(ren) in his/her care while on college properties. Enrolled CCV students under the age of 16 have the same rights, responsibilities, and privileges of any other student in the classroom and on college properties.
2. No visitors of any age are allowed in areas where their presence is likely to be disruptive or where their health or safety may be at risk. This includes classrooms, testing areas, learning centers, computer labs, and areas that may contain hazardous chemicals, machinery, and/or equipment.
3. A student and/or employee may be asked to remove a guest or visitor from the academic center and/or college event
 - a. if his/her health or safety is at risk;
 - b. if the guest is causing undue disruption;
 - c. if the guest is presenting a health, safety, or liability risk to property or others;
 - d. if the presence of the guest is unsuitable.
4. Employees will not bring any child with them when scheduled to work. The employee's supervisor, in order to accommodate an emergency situation, can approve a temporary exception to this policy. Exceptions are also made for CCV-sponsored events or classes that specifically suggest bringing a child. However, under no circumstances are children to be left unattended at any time.
5. Persons who attempt to attend a class without having first registered for the course will be asked to leave and, at the discretion of the college, will have that seat forfeited.
